

Customer Credits for Monthly Net Excess Generation (NEG) Under Net Metering

www.dsireusa.org / March 2015

- NEG at retail rate (or above); credits do not expire
- NEG at retail rate at first, then credits expire or are reduced (e.g., to the avoided cost rate) after set period of time
- NEG at less than retail rate (e.g., avoided cost rate)
- NEG at \$0
- No uniform or statewide mandatory net metering rules
